

Thus the hand, wrote Engels, "is not only the organ of labor, it is also the product of the organ of labor, it is also the product of labor." But the hand did not develop in isolation. "It was only one member of an entire, highly complex organism. And what benefited the hand, benefited also the whole body..." (The Part Played by Labor in the Transition from Ape to Man.) -79-80-79-80-79-80-79-80-79-

the organ of labor, it is also the product of the organ of labor, it is also the product of labor." But the hand did not develop in isolation.
